

Cyber security exercise report

Business email compromise

Prepared by: _____

Date: ____ / ____ / ____

Executive summary

Our team ran a discussion-based cyber security exercise session on the reported date using the Australian Signals Directorate's Australian Cyber Security Centre (ASD's ACSC) Exercise in a Box. This report summarises the results of this exercise and includes recommendations for our organisation to consider.

Discussion outcomes

What we learned from running the exercise:

How our understanding of preventing this type of cyber security threat changed:

What will we look to change or implement:

Team statements

We rated our confidence against the following statements:

Observations from Inject 1: Invoice received

	Not at all confident	Slightly confident	Somewhat confident	Fairly confident	Completely confident
We have processes and training in place to support staff identify fraudulent emails.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

We understand what steps should be taken to investigate potential fraud.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	--------------------------	--------------------------

Observations from Inject 2: Business email compromised

We have policies and response plans in place for business email compromise.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
---	--------------------------	--------------------------	--------------------------	--------------------------	--------------------------

We know who to contact if our organisation is the victim of a business email compromise.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	--------------------------	--------------------------

Observations from Inject 3: Incident response

We have effective cyber security practices to keep our organisation secure.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
---	--------------------------	--------------------------	--------------------------	--------------------------	--------------------------
