

# Cyber security exercise report

## Distributed Denial-of-Service (DDoS) attack

Prepared by: \_\_\_\_\_

Date: \_\_\_\_ / \_\_\_\_ / \_\_\_\_

## Executive summary

Our team ran a discussion-based cyber security exercise session on the reported date using the Australian Signals Directorate's Australian Cyber Security Centre (ASD's ACSC) Exercise in a Box. This report summarises the results of this exercise and includes recommendations for our organisation to consider.

## Discussion outcomes

What we learned from running the exercise:

How our understanding of preventing this type of cyber security threat changed:

What will we look to change or implement:

## Team statements

We rated our confidence against the following statements:

### Observations from Inject 1: DDoS threat

	Not at all confident	Slightly confident	Somewhat confident	Fairly confident	Completely confident
We have incident response plans in place to deal with this type of threat?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

We are confident that our members could identify a DDoS attack and report it accordingly.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
---	--------------------------	--------------------------	--------------------------	--------------------------	--------------------------

### Observations from Inject 2: Targeted by a DDoS attack

We understand which external organisations we will engage if we're the target of a DDoS.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	--------------------------	--------------------------

We understand how our business as usual (BAU) activities could be impacted by a DDoS attack.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	--------------------------	--------------------------

### Observations from Inject 3: Post-incident response

We have clear roles and responsibilities detailed on who is responsible for reporting after-action activities, outcomes and mitigations.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	--------------------------	--------------------------

We have people responsible for crisis management and public messaging during and after an event.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	--------------------------	--------------------------
