Update am app ao device

Te Update n am app ao device e na kona ni katoki kanganga ao ni kabobongai kamanomano aika boou ke kabwaka ake e na kona taian aekati (hacker) ni kamanenai n rinnakoa am device ke am akaunti. Aio are ana kona n rin iai taian feature aika boou.

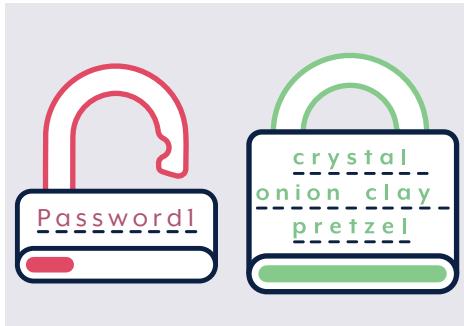

Kamaeuia te multi-factor authentication (MFA)

MFA e nanonaki ae iai riki kakoauakim bwa e bon eti bwa antai ngkoe bwa bon am akaunti anne. Te katoto, ko na kainanoa te code man te text message ao am kibuntaeka ni karaba (passphrase). E na kamatoa riki te kamanomano man mwakuri n aonikai irouia cybercriminal n rinnakoa am akaunti.

Karaoa (set up) ao ni mwakuria am backup ni katoa tai

Te backup bon te digital kaobi ibukin am rongorongo aika a kakawaki nakon Te external storage device ke te tiewa (server) n te intanete n aron te cloud. Nanona ko kona n restore am file ngkana arona bwa iai te kanganga.

Karaoa (set up) am kibuntaeka ni karaba (passphrases) ae mano

Ngkana te MFA akea, kamanena te kibuntaeka ni karaba (passphrase) ni kamanoa am akaunti. Te kibuntaeka ni karaba (passphrase) bon te password ae matotoa ae kamanena au a iaona riki taian taeka aika kakaokoro. Aio are e na kamatoa riki aron te rinnako irouia taian cybercriminal ni keketi ma ko na kai uringnga ngkoe.

Kinai ao n ribotini taian scam

Taan aonikai a kakamanena te imeeri, SMS, tareboniko ao te social media n aonikaia aomata. A kakaraoi aia reitaki nakoim are aongkoa ngaiā temanna ke te rabwata ae ko kina ao n onimakinia.

Tararuai ko mai irouia ao imwain ae ko click taian attachment ke taian link n am imeeri ke am message.

Kakorakorai riki (level up) nangoam n cyber security man...

- langoa bwa tera ae ko na post iaonrain.
- Signing up n ara tieweti ae free ibukin karokoan kauring ibukin taian kanganga aika boou (threat).
- Maroroakini taian cyber security ma am utu ao raoraom.
- Tai kamanenai taian PUBLIC Wi-Fi ngkana ko karaoa am bangke ke ni bobwai iaonrain.
- Ribotini taian cyber attack ao bwai aika riki ibukin kamanoia kain Aotiteria.
